

Art at Rivenhall C of E Primary School

Intent:

At Rivenhall Primary School, we want our children to embrace art and design. Our Art curriculum is designed to engage, inspire and challenge pupils, whilst equipping them with the knowledge and skills to be able to experiment, invent and create their own works of art. As pupils progress, they should gain a deeper understanding of how Art and Design reflects and shapes our history, and how it contributes to the culture, creativity and wealth of our world.

One of our key curriculum drivers is to ***'Inspire Aspiration'***. We want our children to use the local area as inspiration, to learn from other cultures and to respect diversity. To that end, we have carefully selected a wide range of source materials and settings, as well as unique and diverse artists and designers for children to study so that they are not limited in their ambitions.

Implementation:

Our Art curriculum provides children with opportunities to develop their skills using a range of media and materials. Children learn the skills of drawing, painting, printing, collage, textiles, 3D work and digital art and are given the opportunity to explore and evaluate different creative ideas. Children will be introduced to a range of works and develop knowledge of the styles and vocabulary used by famous artists.

It enables children to communicate what they see, feel and think through the use of colour, texture, form, pattern and different materials and processes.
